

Federal Democratic Republic of Ethiopia OCCUPATIONAL STANDARD

COOPERATIVE MARKETING MANAGEMENT

NTQF Level V

Ministry of Education January 2018

Introduction

Ethiopia has embarked on a process of reforming its TVET-System. Within the policies and strategies of the Ethiopian Government, technology transformation – by using international standards and international best practices as the basis, and, adopting, adapting and verifying them in the Ethiopian context – is a pivotal element. TVET is given an important role with regard to technology transfer. The new paradigm in the outcome-based TVET system is the orientation at the current and anticipated future demand of the economy and the labor market.

The Ethiopia Occupational Standard (EOS) is the core element of the Ethiopian National TVET-Strategy and an important factor within the context of the National TVET-Qualification Framework (NTQF). They are national Ethiopian standards, which define the occupational requirements and expected outcome related to a specific occupation without taking TVET delivery into account.

This document details the mandatory format, sequencing, wording and layout for the Ethiopia Occupational Standard which comprised of Units of Competence.

A Unit of Competence describes a distinct work activity. It is documented in a standard format that comprises:

- Occupational title and NTQF level
- Unit title
- Unit code
- Unit descriptor
- Element and Performance criteria
- Variables and Range statement
- Evidence guide

Together all the parts of a Unit of Competence guide the assessor in determining whether the candidate is competent.

The ensuing sections of this EOS document comprise a description of the occupation with all the key components of a Unit of Competence:

- Chart with an overview of all Units of Competence for the respective level including the Unit Codes and the Unit Titles
- Contents of each Unit of Competence (competence standard)
- Occupational map providing the TVET providers with information and important requirements to consider when designing training programs for this standards and for the individual, a career path

Occupational Standard: Cooperative Marketing Management Level V			
Unit Title Apply Legal Principles of Cooperative			
Unit Code	AGR CMM5 01 0118		
Unit DescriptorThis unit describes the knowledge, skills and attitude research, analyse and apply legal principles to provide cooperative law implications to clients/members.			

Element	Performance Criteria
1. Research legal aspects of cooperatives law	1.1. Client's circumstances that require advice on contract or consumer, and cooperative law matters are identified
	1.2. Cooperatives law and related legislation, regulation and practice are researched
	1.3. Different types of relevant contract, cooperatives and consumer transactions are identified, and their legal context, establishment procedures and purpose clearly outlined
	1.4. Legal principles applying to contract, cooperatives and consumer matters that are relevant to client circumstances are identified
2. Analyse legal issue and risks associate with operation of a	
business	2.2. How legal issues impact on different types of business structures and legal entities is analysed
	2.3. Relevance to client circumstances and implication of risks are evaluated for structure, operation and performance of different legal entities
3. Apply knowledge of contract and consumer laws to	3.1. Client's available information is collected and collated for analysis
client circumstance	 3.2. Available information is interpreted, analysed and processed to obtain required knowledge applicable to client's circumstances
	3.3. Advice and guidance of specialist are sought, if required, to interpret, analyse and synthesise client and legal information
	3.4. Advice is provided to clients based on their circumstances and relevant law
4. Maintain legal knowledge	4.1. Client's circumstances are reviewed and any changes in relevant aspects of cooperatives law applied

Page 3 of 76	Ministry of Education Copyright	Cooperative Marketing Management Ethiopian Occupational Standard	Version 1 January 2018
--------------	------------------------------------	--	---------------------------

		4.2. Relevant legal sources are reviewed regularly and any changes in daily work applied
		4.3. Systems are accessed and used for keeping up with changes and maintaining up-to-date knowledge about relevant legal aspects of cooperatives law
5.	Evaluate legal issues in cooperatives	5.1. The appropriateness of <i>legal documents</i> is assessed for the cooperatives society advantages
		5.2. The relevancy of issues raised by cooperatives, members and other stakeholders is evaluated
		5.3. The relevancy of documents used by the cooperatives is appraised

Variable	Range
Cooperative law	May include, but not limited to:
	Cooperative proclamation
	Directives
	By law and Internal by law
Legal documents	May include, but not limited to:
	Contract agreement
	Memorandum of understanding
	 Purchase and sales order agreement

Evidence Guide	
Critical Aspects of	Evidence of the ability to:
Competence	 Research for any changes to, or new, legislative requirements in relation to contract or consumer law relevant to the client's circumstances
	 Apply current statute, common law and equitable principles in relation to contract and consumer laws that are relevant to the client's circumstances
	• Present a recommendation to the client after considering the client's circumstances and relevant aspects of contract and/or consumer laws.
Underpinning Knowledge	Demonstrate knowledge of:
and Attitudes	 How laws are enacted and their underlying policy aims, and how those laws may be interpreted by existing common law and equitable rules, and apply to property laws Cooperative legal concepts and scope of contract law with reference to:
	 formation – agreement and intention to create legal relations
	 formation – consideration, form, legality and capacity contents – express terms, exclusion clauses
	 Legal concepts and scope of consumer law
	misleading and deceptive conduct:

Page 4 of 76	Ministry of Education Copyright	Cooperative Marketing Management Ethiopian Occupational Standard	Version 1 January 2018
--------------	------------------------------------	--	---------------------------

	function of the Competition and Consumer Act
Underpinning Skills	Demonstrate Skills to:
	 Identify, plan and implement strategies to manage gaps in personal knowledge
	 Analyse complex documentation from a variety of sources & consolidates information relating to specific criteria to determine requirements
	 Prepare documents that are constructed logically, succinctly and accurately to express ideas and explore complex issues
	 Complete organisational documents and correspondence using clear language and correct spelling, grammar and terminology
	 Participate in verbal exchanges using active listening and questioning techniques to elicit information from others and to confirm understanding
	 Develop and implement strategies that ensure organisational policy, procedures and regulatory requirements are being met
	 Monitor and review the organisation's policy, procedures and adherence to legislative requirements to implement and manage change

Occupational Standard: Cooperative Marketing Management Level V		
Unit Title	Manage Value Chain for Agricultural Product	
Unit Code	AGR CMM5 08 0118	
Unit Descriptor	This unit of describes the knowledge, skills and attitude required to manage or further review a positive relationship with all value stream members so that they can work cooperatively to their mutual benefit and so delivers better value for the customer.	

Element	Performance Criteria
1. Review relationship	1.1. Areas which could be improved are identified.
with value stream members	1.2. Position of own organisation with regard to these areas is developed.
	1.3. <i>Areas of interest</i> (within relevant regulatory framework) is discussed with relevant value stream personnel and develop position of own organisation with regard to any issues raised.
	1.4. An agreed list of areas for action is developed.
	1.5. List is validated with own management.
	1.6. A framework is agreed for progressing agreed list.
2. Manage changes	2.1. Required actions are taken within own organisation to implement <i>changes</i> .
	2.2. Progress of changes is monitored within own organisation.
	2.3. Required actions are taken to ensure changes achieve their objective.
	2.4. Changes across <i>value stream</i> and their impacts are monitored.
	2.5. Appropriate assistance is provided to value stream members implementing agreed changes.
 Manage ongoing relationship with value stream members 	3.1. Regular review of value stream relationships is undertaken.
	3.2. Benefits obtained and costs incurred by value stream members are reviewed.
	3.3. Benefits obtained by customer/value stream as a whole are reviewed.
	3.4. Benefit/cost distributions and ratios are optimised

Page 26 of 76	Ministry of Education Copyright	Cooperative Marketing Management Ethiopian Occupational Standard	Version 1 January 2018
---------------	------------------------------------	--	---------------------------

across the value stream.
3.5. Areas of mutual benefit are explored.
3.6. Value stream synergies and conflicts are analysed.
3.7. Approaches are developed to maximise customer/member of cooperatives benefit flowing from the value stream.

Variable	Range
Areas of interest	May include, but not limited to:
	Commercial and contractual relationships with value
	stream members and include common regulatory and
	commercial frameworks
Changes	May include, but not limited to:
	Be to plant, procedures or practice
	Arise from continuous improvement (or an improvement
	event/project
	Have been intended to make an improvement or to
	implement new products, technology or systems
	Include the implementation of a change
	Changes do not include an engineering review of a
	major capital expenditure or similar review
Value stream	May include, but not limited to:
	The value stream begins with the customer and includes
	all actions (both value-adding and non-value added) by both internal sections/departments and external
	organisations to meet a customer requirement.
	 Depending on the operations and the customer
	requirement stages where value stream actions may
	occur include:
	Sales outlet/representative
	 Information gathering, data analysis and research
	Product design
	Raw material sourcing
	Intermediate processing
	Final assembler/collation/preparation
	• Support services (e.g. Accounting, finance and legal)
	Storage and delivery to customer
	After market support
Competitive systems	May include, but not limited to:
and practices	Lean operations
	Agile operations
	Preventative and predictive maintenance approaches
	 Monitoring and data gathering systems, such as
	Systems Control And Data Acquisition (SCADA)
	software, Enterprise Resource Planning (ERP) systems,

Page 27 of 76	Ministry of Education Copyright	Cooperative Marketing Management Ethiopian Occupational Standard	Version 1 January 2018
---------------	------------------------------------	--	---------------------------

	 Materials Resource Planning (MRP) and proprietary systems Statistical process control systems, including six sigma and three sigma Just in time (JIT), kanban and other pull-related operations control systems Supply, value, and demand chain monitoring and analysis 5s Continuous improvement (kaizen) Breakthrough improvement (kaizen blitz) Cause/effect diagrams Overall equipment effectiveness (OEE) Take time Process mapping Problem solving Run charts Standard procedures Current reality tree Competitive systems and practices should be interpreted so as to take into account: The stage of implementation of competitive systems and practices The size of the enterprise The work organisation, culture, regulatory environment
Codes of practice/standards	 and the industry sector May include, but not limited to: Where reference is made to industry codes of practice, and/or Ethiopian/international standards, the latest version must be used
Health, Safety and Environment (HSE) Presentation of	 May include, but not limited to: All changes implemented are expected to be at least neutral, or preferably beneficial, in their impact on HSE May include, but not limited to:
information	 Information may be presented in terms of graphs or other appropriate visual forms
Stakeholders	 May include, but not limited to: Work team members, value stream members as well as other stakeholders
Results of change	 May include, but not limited to: An initial improvement followed by a return to previous performance A change which has resulted in continued improvement Continued detriment or other variations over time
Improvements	May be to process, plant, products, procedures or practice include changes to ensure positive benefits are maintained

Page 28 of 76	Ministry of Education Copyright	Cooperative Marketing Management Ethiopian Occupational Standard	Version 1 January 2018
---------------	------------------------------------	--	---------------------------

Manager	May include, but not limited to any person who may have
5	either a permanent or an ad hoc role in facilitating the
	function of multiple teams in a workplace, departments or
	entire organisations

Occupational Standard: Cooperatives Marketing Management Level V				
Unit Title	Manage Export Market			
Unit Code	AGR CMM5 09 0118			
Unit Descriptor	This unit describes the knowledge, skills and attitude required to the processes of evaluating a product for export, developing an export market and implementing an export strategy and defines the standard to research.			

Element	Performance Criteria	
 Evaluate export potential 	1.1. Competitive advantages and disadvantages for the proposed product are identified in respect to the products entry to overseas markets.	
	1.2. Features of potential markets are analyzed in respect cultural factors, quality requirements, government regulations and other economic, political and social factors.	
	1.3. Business resources are analyzed for their appropriateness and capacity to contribute to the marketing effort.	
	1.4. Available capital and time are identified for the development of the export plan.	
2. Develop export strategy	2.1. Customer analysis is conducted and the market niche defined.	
	2.2. Operational plan is developed to address the market mix.	
	2.3. Budgets are prepared to address the investment required in the operational plan.	
	2.4. Overseas visit is planned and conducted to confirm the target market and initiate negotiations.	
 Implement export strategy 	3.1. Steps in an export transaction are identified and addressed.	
	3.2. Documentation requirements <i>market for export</i> is identified and prepared.	

Variable Ran		Range		
		de, but not limited to: tural products and services

	•	Horticultural products and services.

Evidence Guide				
Critical Aspects of	A candidate must demonstrate the ability to:			
Competence	Research and analyse product knowledge			
	Establish market potential			
	 Develop the export market strategy. 			
Underpinning	Demonstrate knowledge of:			
Knowledge and	Sources of information in respect to export requirements			
Attitudes	Requirements set out in standards, codes of practice,			
	quality assurance (QA) processes and procedures			
	Marketing plan formats			
	Cash flow budgeting techniques			
	 Sensitivity analysis and investment evaluation. 			
Underpinning Skills	Demonstrate skills to:			
	Evaluate export potential			
	Develop export strategy			
	 Implement export strategy 			
	 Use literacy skills to fulfil job roles as required by the 			
	organisation. The level of skill may range from reading			
	and understanding documentation to completion of			
	written reports			
	Use oral communication language competence to fulfil			
	the job role as specified by the organisation, including			
	questioning, active listening, asking for clarification,			
	negotiating solutions and responding to a range of views			
	Use numeracy to estimate, calculate and record complex			
	workplace measures			
	 Use interpersonal ability to work with others and relate to people from a range of outpurel, applied religious 			
	people from a range of cultural, social and religious backgrounds and with a range of physical and mental			
	abilities.			
Resources Implication	Access is required to real or appropriately simulated			
riesources implication	situations, including work areas, materials and equipment,			
	and to information on workplace practices and OHS			
	practices.			
Methods of	Competence may be assessed through:			
Assessment	Interview/Written Test			
	 Observation/Demonstration with Oral Questioning 			
Context of Assessment	Competence may be assessed in the work place or in a			
	simulated work place setting.

Occupational Standard: Cooperative Marketing Management Level V	
Unit Title	Interpret Market Trends and Developments
Unit Code	AGR CMM5 15 0118
Unit Descriptor	This unit describes the knowledge, skills and attitude required to conduct an analysis of market data in order to determine organizational and competitor business performance, and to prepare market and business forecasts that assist in targeting marketing activities and in drawing up a marketing plan.

Element	Performance Criteria
 Interpret trends and market 	1.1. Statistical analysis of market data is used to interpret market trends and developments.
developments	1.2. Market trends and developments are analyzed for their potential impact on the business.
	1.3. <i>Measures of central tendency or dispersion and correlations</i> between <i>sets of data</i> are used for quantitative interpretation of comparative market data.
	1.4. Qualitative analysis of <i>comparative market</i> <i>information</i> is performed as a basis for reviewing business performance.
	1.5. The market <i>performance of existing and potential</i> <i>competitors</i> and their products or services are analyzed, to identify potential <i>opportunities</i> or <i>threats</i> .
2. Analyse qualitative results	2.1. Performance data is analyzed from all areas of the business to determine success of marketing activities.
	2.2. Over-performing and under-performing products and services to be considered are identified for redevelopment or withdrawal.
	2.3. Existing and emerging market needs are forecasted based on information available using <i>forecasting techniques</i> .
3. Report on market data	3.1. Data is prepared, plotted and interpreted for visual presentation.
	3.2. Visual presentation is assessed for potential problems, and any necessary corrective action is taken.
	3.3. Analysis of market data is reported to meet organizational requirements in terms of content, format, level of detail and scheduling.

Occupational Standard: Cooperative Marketing Management Level V		
Unit Title	Manage Budgets and Financial Plans	
Unit Code	AGR CMM5 16 0118	
Unit Descriptor	This unit describes the knowledge, skills and attitude required to undertake financial management within a work team in cooperatives.	

Element	Perfor	rmance Criteria
1. Plan financial management		<i>Budget/financial plans</i> are accessed for the work team.
approaches		Budget/financial plans with <i>relevant personnel</i> are clarified within the organization to ensure that documented outcomes are achievable, accurate and comprehensible.
	k	Any changes required to be made are negotiated to budget/financial plans with relevant personnel within the organization.
		<i>Contingency plans</i> are prepared in the event that initial plans need to be varied.
2. Implement fina management		Relevant details of the agreed budget/financial plans are disseminated to team members.
approaches	0	<i>Support</i> is provided to ensure that team members can competently perform <i>required roles</i> associated with the management of finances.
	á	Resources and systems are determined and accessed to manage financial management processes within the work team.
3. Monitor and co finances	e	Processes are implemented to monitor actual expenditure and to control costs across the work team.
	k	Monitor expenditure and costs on an agreed cyclical basis to identify cost variations and expenditure overruns.
		Contingency plans are implemented, monitored and modified as required to maintain financial objectives.
	<u> </u>	Budget and expenditure are <i>reported</i> in accordance with organizational protocols.
4. Review and eva financial management processes	4.1.	Data and information on the effectiveness of financial management processes are collected and collated for analysis within the work team.
	nistry of Education pyright	Cooperative Marketing Management Ethiopian Occupational Standard

4.2.	Data and information on the effectiveness of financial management processes are analyzed within the work team and any improvements to existing processes are identified, documented and recommended.
4.3.	Agreed improvements are implemented and monitored in line with financial objectives of the work team and the organization.

Variable	Range
Budget/Financial plans	May include, but not limited to:
	Cash flow projections
	 Long-term budgets/plans
	 Operational plans
	 Short-term budgets/plans

	A candidate must demonstrate the ability to:
Critical Aspects of Competence	 A candidate must demonstrate the ability to: Financial skills required to work with and interpret budgets, ageing summaries, cash flow, petty cash, goods and services tax, and profit and loss statements Knowledge of the record keeping requirements for the revenues and customs authority and for auditing purposes
Underpinning	Demonstrate knowledge of:
Knowledge and Attitudes	 Basic accounting principles
	 Organisational requirements related to financial
	management
	 Relevant legislation and current requirements of the revenues and customs authority, including goods and services tax
	 Requirements for organisational record keeping and auditing
	 Principles and techniques involved in:
	Budgeting
	Cash flows
	 Electronic spreadsheets
	Goods and services tax
	Ledgers and financial statements
	Profit and loss statements
Underpinning Skills	Demonstrates skills in:
	 Numeracy to read and understand a budget and to update a budget
	update a budget
	 Technology to use software associated with financial report keeping
Pasauroas Implication	record keeping
Resources Implication	Access is required to real or appropriately simulated situations, including work areas, materials and equipment, and to information on workplace practices and OHS practices.
Methods of Assessment	Competence may be assessed through:
	Interview/Written Test
	Observation/Demonstration with Oral Questioning
Context of Assessment	Competence may be assessed in the work place or in a simulated work place setting.

---------------	------------------------------------	--	---------------------------

Occupational Standard: Cooperative Marketing Management Level V		
Unit Title	Manage Project Quality	
Unit Code	AGR CMM5 17 0118	
Unit Descriptor	This unit specifies the outcomes required to manage quality within projects. It covers determining quality requirements, implementing quality assurance processes, and using review and evaluation to make quality improvements in current and future projects.	

Element	Performance Criteria
1. Determine quality requirements	1.1. <i>Quality objectives</i> , standards and levels are determined, with input from stakeholders and guidance of a higher project authority, to establish the basis for quality outcomes and a <i>quality management plan</i> .
	1.2. Established <i>quality management methods</i> , <i>techniques and tools</i> are selected and used to determine preferred mix of quality, capability, cost and time.
	1.3. Quality criteria are identified, agreed with a higher project authority and communicated to stakeholders to ensure clarity of understanding and achievement of quality and overall project objectives.
	1.4. Agreed quality requirements are included in the project plan and implemented as basis for performance measurement.
2. Implement quality assurance	2.1. Results of project activities and product performance are measured and documented throughout the project life cycle to determine compliance with agreed quality standards.
	2.2. Causes of unsatisfactory results are identified, in consultation with the client, and appropriate actions are recommended to a higher project authority to enable continuous improvement in quality outcomes.
	2.3. Inspections of quality processes and <i>quality control</i> results are conducted to determine compliance of quality standards to overall quality objectives.
	2.4. A quality management system is maintained to enable effective recording and communication of quality issues and outcomes to a higher project authority and stakeholders.
3. Implement project quality improvements	3.1. Processes are reviewed and agreed changes implemented continually throughout the project life cycle to ensure continuous improvement to quality.

Page 64 of 76	Ministry of Education Copyright	Cooperative Marketing Management Ethiopian Occupational Standard	Version 1 January 2018
---------------	------------------------------------	--	---------------------------

3.2. Project outcomes are reviewed against performance criteria to determine the effectiveness of quality management processes and procedures.
3.3. Lessons learned and recommended <i>improvements</i> are identified, documented and passed to a higher project authority for application in future projects.

Occupational Standard: Cooperative Marketing Management Level V				
Unit Title	Manage Continuous Improvement Process (Kaizen)			
Unit Code	AGR CMM5 19 0118			
Unit Descriptor	This unit describes the performance, outcomes, knowledge, attitude and skills required to sustain and develop an environment in which continuous improvement, innovation and learning are promoted, rewarded and managed.			

	ement	Performance Criteria
1.	1. Diagnose the current status.	1.1. <i>Parameters</i> used for study current situation are obtained.
		1.2. Internal and external environment is analyzed.
		1.3. Problems related to targeted environment is recognized and identified.
		1.4. Problems regarding to current situation are analyzed.
		1.5. Alternatives are generated.
		1.6. Best alternatives are selected.
2.	Design an effective continuous improvement	2.1. The values, mission and goals of kaizen management system are clarified.
	process (kaizen).	2.2. The <i>kaizen management template</i> and a visual management logo full of purpose and meaning are developed.
		2.3. A clear action strategy (master and detailed plans) is defined.
		2.4. The most effective and proven <i>kaizen tools</i> are chosen and applied.
		2.5. A practical way is identified to involve all employees in Gemba activities (top, middle and bottom).
3.	Develop change capability.	3. 1. Kaizen Promotion Team Structure is developed.
	capability.	3. 2. The Kaizen Training Plan is defined and started.
		 Supervisors' kaizen capability and habits are developed.
		 Key people are developed in terms of <i>individual</i> <i>leadership capability</i>.
4.	Implement improved processes.	4.1. <i>Sustainability/continuous improvement</i> are promoted as an essential part of doing business.
		4.2. Impacts of change and consequences are addressed for people, and transition plans implemented.
		4.3. Objectives, time frames, measures and communication plans are ensured in place to manage implementation.

Page 72 of 76	Ministry of Education Copyright	Cooperative Marketing Management Ethiopian Occupational Standard	Version 1 January 2018
---------------	------------------------------------	--	---------------------------

	4.4. Contingency plans are implemented in the event of non- performance.
	4.5. Failure is followed-up by prompt investigation and analysis of causes.
	4.6. Emerging challenges and opportunities are managed effectively.
	 4.7. Continuous improvement systems and processes are evaluated regularly.
	4.8. Improvements are communicated to all relevant groups and individuals.
	4.9. Opportunities are explored for further development of value stream improvement processes.
5. Establish direction and control.	5.1. A system audit tool is defined and implemented.
	5.2. The kaizen management system is deployed across all company levels and functions.
	5.3. Results are checked and corrections made.
	5.4. <i>Standard operating procedures</i> are developed and maintained.
	5.5. The recruit, training and evaluation systems are improved and <i>HR practices</i> compensated.
